01. BATTERY INSTALLATION

- Rotate the back cover counter clockwise about 15° , gripping the unit with both hands, using your index fingers and thumbs. Rotate until it stops, then gently pry off back cover. Insert the CR2032 battery to back cover (- side up), and rotate back cover clockwise till insuring the gasket is firmly seated.

02. PAIRING

GET barcelet APP

To set up your bracelet using your mobile device, you first need to get bracelet App. Search for bracelet App in the App store, Google Play, download and install the App on your mobile device.

System Requirements:

iOS7.0 above / Android 4.3 and above / Bluetooth 4.0

1. Enable Bluetooth on your mobile device
2. Make sure bracelet is nearby and select bracelet in the list of devices
3. Open bracelet App on your mobile device. You will receive a pairing request on your mobile device. Press Pair to accept it. Mobile devices will find bracelet automatically. After find it, it will display the name of bracelet on APP screen. Tap it to connect with the bracelet.
4. When bracelet is successfully paired, you will be notified on bracelet 
5. After finish pairing(connection), press user icon to set user information such as name, weight, goals etc.

If pairing fails, repeat the same steps. Pairing is a one-time process. If you want to pair bracelet with another account, you first need to unpair it from the current one. Open bracelet App, go to Settings > Unpair bracelet. Tap Connect bracelet to pair a new device

03. DISPLAY

To interact with bracelet touchscreen, tap on the touch-sensitive area below the display section. Bracelet touchscreen only respond to tap gestures in this specific touch-sensitive area. Other type of gestures like sliding, swiping, or pressing will not be detected. Bracelet screen turns off when not in use. Single tap the touch area to wake the device. To ensure bracelet is responding accurately to your taps, we recommend using your fingertip and not your nail.

PS: Bracelet will automatically sync the time of your paired mobile device. You can set your preferred time format manually in the Settings tab of bracelet App.
